Our Services

“A child’s life is like a
piece of paper on
which every person
leaves a mark.”

A CHINESE PROVERB

We understand that child development centers often face a multitude of challenges. Compliance with ever-changing regulations, operational efficiency, and the pursuit of sustainable growth are just a few of the complex issues you must navigate. These challenges can be overwhelming and time-consuming, diverting your attention from what truly matters - providing the best possible care and education to the children in your community.

This is where D. Mack Consulting Group steps in. Our team specializes in providing strategic insight, guidance, compliance support, and operational efficiency solutions.

Our services are not just about meeting compliance requirements; they're about helping you create a nurturing environment where every child can thrive. We believe in upholding the highest standards of quality, and our core values guide our every action.

What sets us apart is our dedication to long-term sustainability. We're not just here to solve immediate problems; we're here to help you build a future where your center thrives for generations to come.

We look forward to the opportunity to support your child development center in its journey toward excellence and sustainability.

Child Development Center Solutions

Compliance Assessment & Remediation

\$5000

We kickstart the process with an in-depth compliance assessment that involves a thorough review of your center's existing records and processes. Based on the assessment findings, we'll bring your files into compliance with all relevant regulations and standards.

Data Management System

\$3500

Our data management system solution covers the setup, installation, and configuration of a new or upgraded electronic data management system. It also includes training sessions for CDC staff to ensure they can effectively use the new data management system.

We offer ongoing maintenance, updates, and support for the data management system with a monthly subscription.

Strategic Management Plan

\$3500

Our Strategic Management Plan includes strategic management consultation services, encompassing the development and implementation of appropriate systems and processes for operational management requirements. It also includes training for CDC personnel on implemented systems and processes.

We offer monthly subscription services for ongoing strategic management support and guidance.
